About Us

PHOENIX GRADUATE SCHOOL

PGS Global is a **UK-recognized** international education provider offering flexible and affordable academic and skill programmes, approved by the UK awarding bodies and accredited by the UK Universities, under **QS** and **OFQUAL** qualification frameworks.

Our programmes are delivered in campus, online and blended formats.

PGS Global offers quality education across the globe such as **Foundation, Undergraduate, Postgraduate** and **Doctorate programmes** as well as various professional skill programmes.

We use modern and innovative learning management systems and technological tools to deliver courses with lessons, resources and study materials. Our learning method is focused on **assignments** and **credits** and will genuinely enhance employability skills.

At PGS Global, our distinguished UK-trained and international faculty members will guide you in every step of your academic journey, to help you achieve an internationally recognised **WES-approved** qualification and a promising global career.

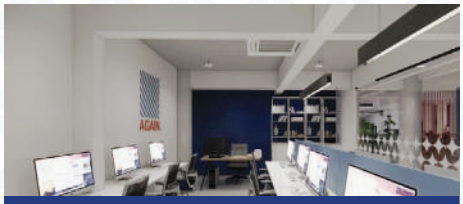

Our Campus at a Glance

Our state-of-the-art campus is more than just a place to learn - it's a space to grow, connect, and create. Spread across an expansive 50,000+ square feet, our campus is designed to inspire curiosity, develop collaboration, and prepare students for the global stage. Every corner is thoughtfully built to deliver experiential learning that combines advanced technology with an engaging academic environment.

Not Just Learn, Live the Experience

UK Universities

UNIVERSITY OF PORTSMOUTH

At the University of Portsmouth, you'll enjoy career-focused courses, real-world experiences, flexible learning, state-of-the-art facilities, the vibrant London life, and have access to our seaside campus resources. The university has a long-standing history dating back to its establishment in 1870. As a reputable public university, it offers a wide range of undergraduate and postgraduate programs across various disciplines, attracting students from around the world.

UNIVERSITY OF DERBY

situated in the vibrant city of Derby, England, stands as a beacon of academic excellence and innovation. With a rich history dating back to 1851, it has evolved into a dynamic institution offering a diverse range of undergraduate, postgraduate, and research programmes across various disciplines.

Qualifications Scotland

Qualifications Scotland (QS) is the national awarding body in Scotland responsible for the development, accreditation, assessment, certification and awarding of qualifications other than University Degrees.

Monitoring body in the UK

Ofqual, short for the Office of Qualifications and Examinations Regulation, is a non-ministerial government department which reports directly to the UK Parliament. It regulates qualifications, exams, and assessments in England to ensure high standards and quality in education and training.

Ofqual's responsibilities include accrediting qualifications offered by awarding organizations, setting grade boundaries for exams, monitoring exam administration, and ensuring fairness and consistency in assessments. It plays a crucial role in maintaining the integrity and credibility of the education system in England.

OTHM Qualifications

The UK universities accept qualifications awarded by OTHM as entry requirements for their degree programmes. PGS Global has been approved by OTHM to deliver academic programmes to students globally, facilitating their admission to the UK Universities for further higher education. Overall, OTHM plays a significant role in expanding access to quality education and professional development opportunities, both within the UK and internationally.

World Education Services

World Education Services (WES) is a non-profit organization that plays a crucial role for individuals with international academic credentials who are seeking opportunities globally. WES helps universities, employers, licensing bodies, and immigration authorities understand and assess the value of international education accurately.

BSc (Hons) COMPUTING AND IT LEVEL 6

Duration : 12 Months

Delivered & Awarded by

UNIVERSITY OF DERBY

UNIVERSITY OF PORTSMOUTH

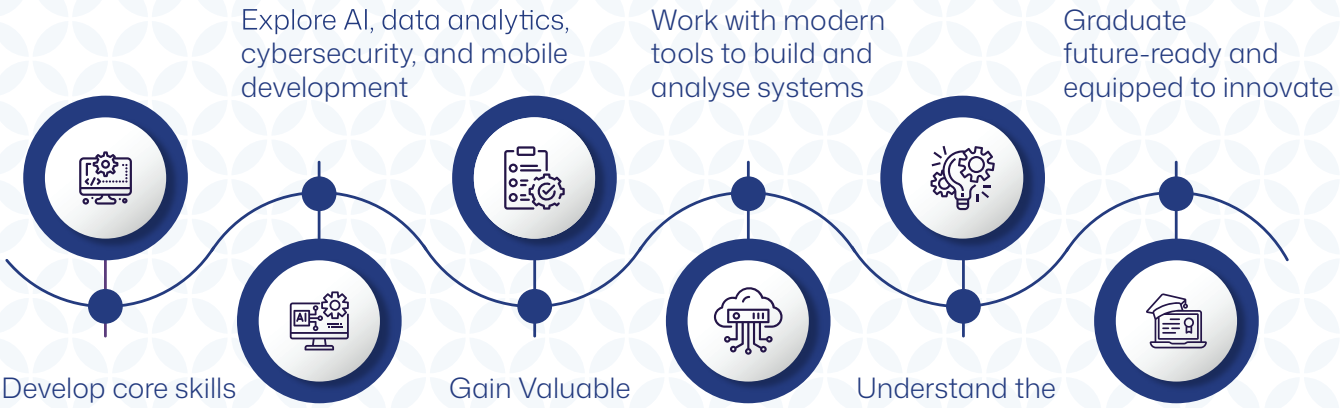

BSc (Hons) **Computing & Information Technology**

Are you ready to shape the digital world and solve real-world problems through technology? Our BSc (Hons) Computer Science degree equips you with the skills needed to design, develop, and implement real-world computing solutions.

Computer scientists are at the forefront of innovation, building the software and systems that power everything from smartphones to smart cities. This degree equips you with the technical expertise and problem-solving skills needed to thrive in software engineering, data science, cybersecurity, and beyond.

This course offers a solid foundation in the core principles of computer science while letting you explore specialisations in Artificial Intelligence, Cyber Security, Data Science, or Games. Whether you aspire to become a software engineer, AI specialist, or IT consultant, this programme prepares you for a future in one of the world's most dynamic industries.

What will you do as a **Computer Science Professional?**

MODULES
